

Improving practices for soil management

Aubigny Landcare Group

Time: 6.30 p.m.
Date: Friday 5th December 2014
Venue: Oakey RSL Campbell Street Oakey
Meal provided

Guest speakers

Oakey Freshwater Fish Stocking Association (OFFSA) - *Graham Kelly*

"Putting the fish back into fishing"

The group has input into fish habitat restoration and riverine condition. Public waters are stocked with native fish in a sustainable but responsible manner.

Terramax - *Richard Armstrong*

Terramax provide premium quality organic fertilizers, soil conditioners, growing media and substrates for use in agriculture and horticulture. Terramax offer a range of products and will work with you to design custom blends to meet your specific needs. We can assist you to utilise our organic and environmentally sustainable products to improve your soils productivity.

Please RSVP by 26th November 2014 to Owena
