

SOUTH MYALL CATCHMENT LANDCARE GROUP

FUNDING FROM TOOWOOMBA REGIONAL COUNCIL

ENVIRONMENT GRANT FOR FERAL PIG CRATES

In October 2018 South Myall Landcare received funding from Toowoomba Regional Council environment Grant to purchase four pig crates to reduce feral pigs in Coalbank Boundary Rd and the Maclagan Reserve.

These traps were monitored by adjoining landholders to ensure any pigs caught were killed in a humane manner.

Unfortunately, because of the drought and lack of crops in the catchment there were not as many feral pigs as normal to cull. I am sure that in a normal year this will change.

The crates were constructed by Maynard Welding Maclagan

FUNDED WITH THANKS BY TOOWOOMBA REGIONAL COUNCIL ENVIRONMENT GRANT
